A new website for Roadrunner Cactus.

Prepared for the Roadrunner Cactus team by Eric Berg, Crush

01 The move

02 Standing tall

03 Sell yours

Your number

$1,500

Paid once.

Half at go, half at launch

$750 when you say go, $750 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Healthy moves, happy cactus.

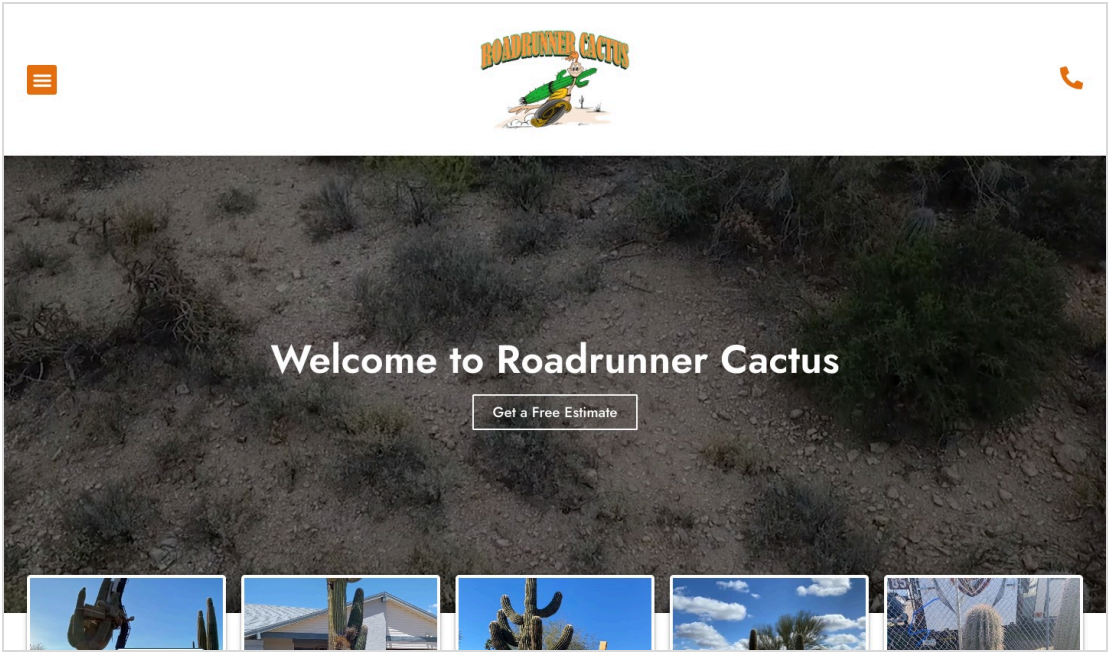

Your own words, from your relocation page. Option 1 stays in your green and orange with your roadrunner up top: a frame from your own relocation video, your truck carrying a many-armed giant on the boom, re-lit at sunrise, with the screen cut on the same slant.

Desert giants, standing tall again.

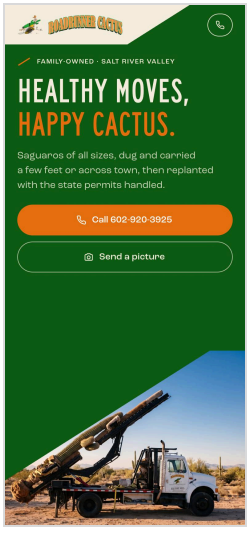

Built from two of your own lines, about these iconic desert giants and helping them stand tall again. Option 2 is light and open: one of your braced saguaros upright in its new yard, so tall its arms rise out of the top of the photograph.

Want to know what your saguaro is worth?

Your own question, from your Sell Your Saguaro page. Option 3 is dusk: your front-yard five-arm saguaro fills the screen with the question in its sky, and your four steps, from Send Photos to Pickup & Payment, run along the street below.

Today

New, on a phone

All in the price of your website.

The website

A new site for Roadrunner Cactus: the homepage, relocation, straightening, removal, saguaros for sale, selling yours and the gallery, with Send a picture and Call on every page, built out from the top you've just seen. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for past customers and the homeowners on your list, so the next move or sale comes to you first.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant that answers callers asking about moving, buying or selling a saguaro while you're out on a dig, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it's done within the week.

Launch email setup

Included when you say go before 5 December 2026

We set up the launch email and line it up for past customers and the homeowners on your list, ready to go out on launch day.

$1,500, paid once. Nothing that comes with it is billed separately. All prices in US dollars.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"As a business owner, having someone you can trust with your website is invaluable, and Eric has absolutely earned that trust."

Midwest Peps, online store, Kansas

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

What you own

The site and every file, in your name.

Your gallery photos, services and contact details carry over.

No commitment on anything monthly. Cancel anytime; the site stays yours.

When you say go (50%)	$750
When the site is live	$750

All prices in US dollars.

When you want more.

Small changes stay free, so you never need a plan to keep your site right. These are for when you want us working on it every month: no commitment, cancel anytime.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half ($750) when you say go, the rest ($750) when the site is live. You've seen the homepage before paying anything.

Does Send a picture still come to me?

Yes. Every Send a picture button still opens an email to your same inbox, and every Call button rings the same number.

What about the gallery?

It comes with you, and adding a finished move is easy. I'll load your best recent jobs as part of the build.
